10:10 Overview of the East Contra Costa Delta Atlas

Kim Thai, East Bay Regional Park District

The East Bay Regional Park District (Park District) staff developed the East Contra Costa Delta Atlas as an informational tool to guide Park District decision-making regarding recreation and open space preservation opportunities in accordance with its mission to preserve a rich heritage of natural and cultural resources and provide open space, parks, trails, safe and healthful recreation and environmental education. The East Contra Costa County Delta Atlas includes the shoreline lands roughly east of the Antioch Bridge to Bethany Reservoir. While the Delta Atlas does not propose specific projects or actions for the Park District to undertake, it provides a comprehensive understanding of the existing conditions, potential opportunities and constraints within the East Contra Costa County area of the Delta region. Data on existing and proposed recreation, restoration, and development projects and priorities were gathered as part of a collaborative stakeholder process with internal Park District staff and external partner agency staff.

10:40 Second Annual Networking Meeting

Kick off the new decade with new connections! The Watershed Forum's second annual networking reception will consist of an extended round robin, and connecting with each other.
